

DA-4120

Multiple Input Video Distribution Amplifier

FEATURES:

- Four 1x12 Distribution amp in each unit
- High quality Color video performance
- Industrial grade specifications
- 2 Rack Units With Removable Rack Ears
- UL listed Power Supply
- Made in the USA

The DA-4120 has 4 high performance 1x12 color video distribution amplifiers in single, rack mountable, chassis. Great for adding remote access to existing systems. Instead of installing 4 separate VDA's, use the DA-4120 to save space and money. For less than 1x12 operations, use only the outputs needed and simply leave the leftover ones unterminated. A UL listed power supply is provided with the DA-4120.
